DETAILED ACTION

1. This Office Action is in response to the After-Final Amendment filed on 7/20/2004.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Zachary Stern on Monday, August 17, 2004.

The application has been amended as follows:

In the Amendment filed on 7/20/2004:

Claim 1, lines 2-7, replace "a frame... a pivoting manner" by the following paragraph --a frame with a vertical central column fastened to a base on a vertical central axis of the base and a height-adjustable and tilt-adjustable work surface, said work surface being fastened to a support element, a joint seating device is provided on an upper end of the vertical central column, a swivel arm is arranged in a pivoting manner about a horizontal axis of said joint seating device, the swivel arm contains a rotary joint, wherein the support element and the connected work surface are arranged in a pivoting manner about a horizontal axis of said rotary joint--.

Allowable Subject Matter

3. Claims 1-5 and 7-10 are allowed. Claims 7-10 have been renumbered 6-9, respectively.
4. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or fairly suggest, in combination with all the elements recited in independent claim 1, a cable pull arranged for synchronous rotational coupling between the swivel arm and the support element such that the support element is aligned horizontally when the swivel arm is aligned vertically and the support element is tilted when the swivel arm is aligned horizontally.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
